PROFESSIONAL SUMMARY

Frontend Developer with professional experience building and maintaining production web applications with React, Next.js, and TypeScript. Contributed to public-facing platforms and web applications for NEDA, Robov, and Neda724, as well as private organizational products including Novan, Fenjan, and Rahjouyan. Experienced in reusable component development, responsive UI implementation, forms, API integration, localization, frontend tooling, and maintainable application architecture.

EXPERIENCE

Frontend Developer - Husan

Dec 2024 - Present

Part-time | Tabriz, Iran

- Develop and maintain production web applications using React, Next.js, TypeScript, and modern frontend tooling.
- Contributed to the NEDA ecosystem, including a Next.js public website ([neda.tbzmed.ac.ir](#)) and a React-based web application ([appneda.tbzmed.ac.ir](#)).
- Contributed to Robov ([robov.ir](#)) and Neda724 ([neda724.ir](#)), developing frontend functionality with Next.js and related technologies.
- Contribute to private organizational products including Novan, Fenjan, and Rahjouyan.
- Build reusable UI components, responsive interfaces, forms, validation flows, API integrations, localization, routing, and interactive application features.
- Troubleshoot frontend build, dependency, rendering, responsive-design, and mobile/Android integration issues across modern toolchains.
